MESSAGE

My best wishes to all the teachers on this occasion of 'Teachers Day' being celebrated on the occasion of Dr. Sarvepalli Radhakrishnan's birthday, an eminent visionary, educationist and a revered political leader.

Being a unique residential system, our responsibility as teacher extends beyond classroom interaction, in the tradition of Guru-Shishya Parampara. We are committed to provide quality academic environment to ensure development of required skills among the talented children to the extent of potential of respective child. In this journey of "Lighting of a Fire" in the brilliant minds in the Vidyalayas, the role of a teacher and his / her contributions are much more as compared to their counterparts. I am proud on this occasion to say that entire success of children, who are in the society in various capacities goes to our teachers who have exerted their full energy with dedicated efforts in nurturing the talent of children in Navodaya Vidyalayas. You are not just doing the duty of 'filling of a pail' but contributing to ignite the minds of talented children. This is the day to recognize your contribution in providing dedicated & disciplined citizens to the country. We, the Samiti, are really proud of you and your achievement.

No doubt working in Navodaya Vidyalayas is a very hard job, but I am happy to express that our teachers have taken this with a high degree of enthusiasm and with joyful attitude. I expect every teacher to innovate and try new methods of interacting with the children to purposefully carry forward learning experiences. I assure all of you for best facilitation and respect from Samiti.

My respects on this occasion to all dedicated teachers who continue to carry their enthusiasm for the welfare of the children.

[Bishwajit Kumar Singh]
